The brightness of the star indicates whether the person is near their Twinkl or not:
1. Bright - near
2. Faded - away
3. Gray - battery dead/inactive

- Top-right image is profile picture of the account holder. Just an image, not clickable.

- send any of the 3 "twinks" to my relation
- each twink represents how the relation's twinkle with glow, each twink has a default meaning that can be viewed on the "star" icon at the bottom
- double-tick is delivered, single-tick is sent (same reference as is Whatsapp)

- Color options are how your LED will light up per your choice.
- red is a disabled button because it is currently set, therefore
blue/green buttons are enabled to change the LED light settings

- when you click on blue, the twinkl logo changes to blue to confirm your color is set. The card color also changes to blue to identify on Home screen.
- Blue button disables and red/green button enable next pick
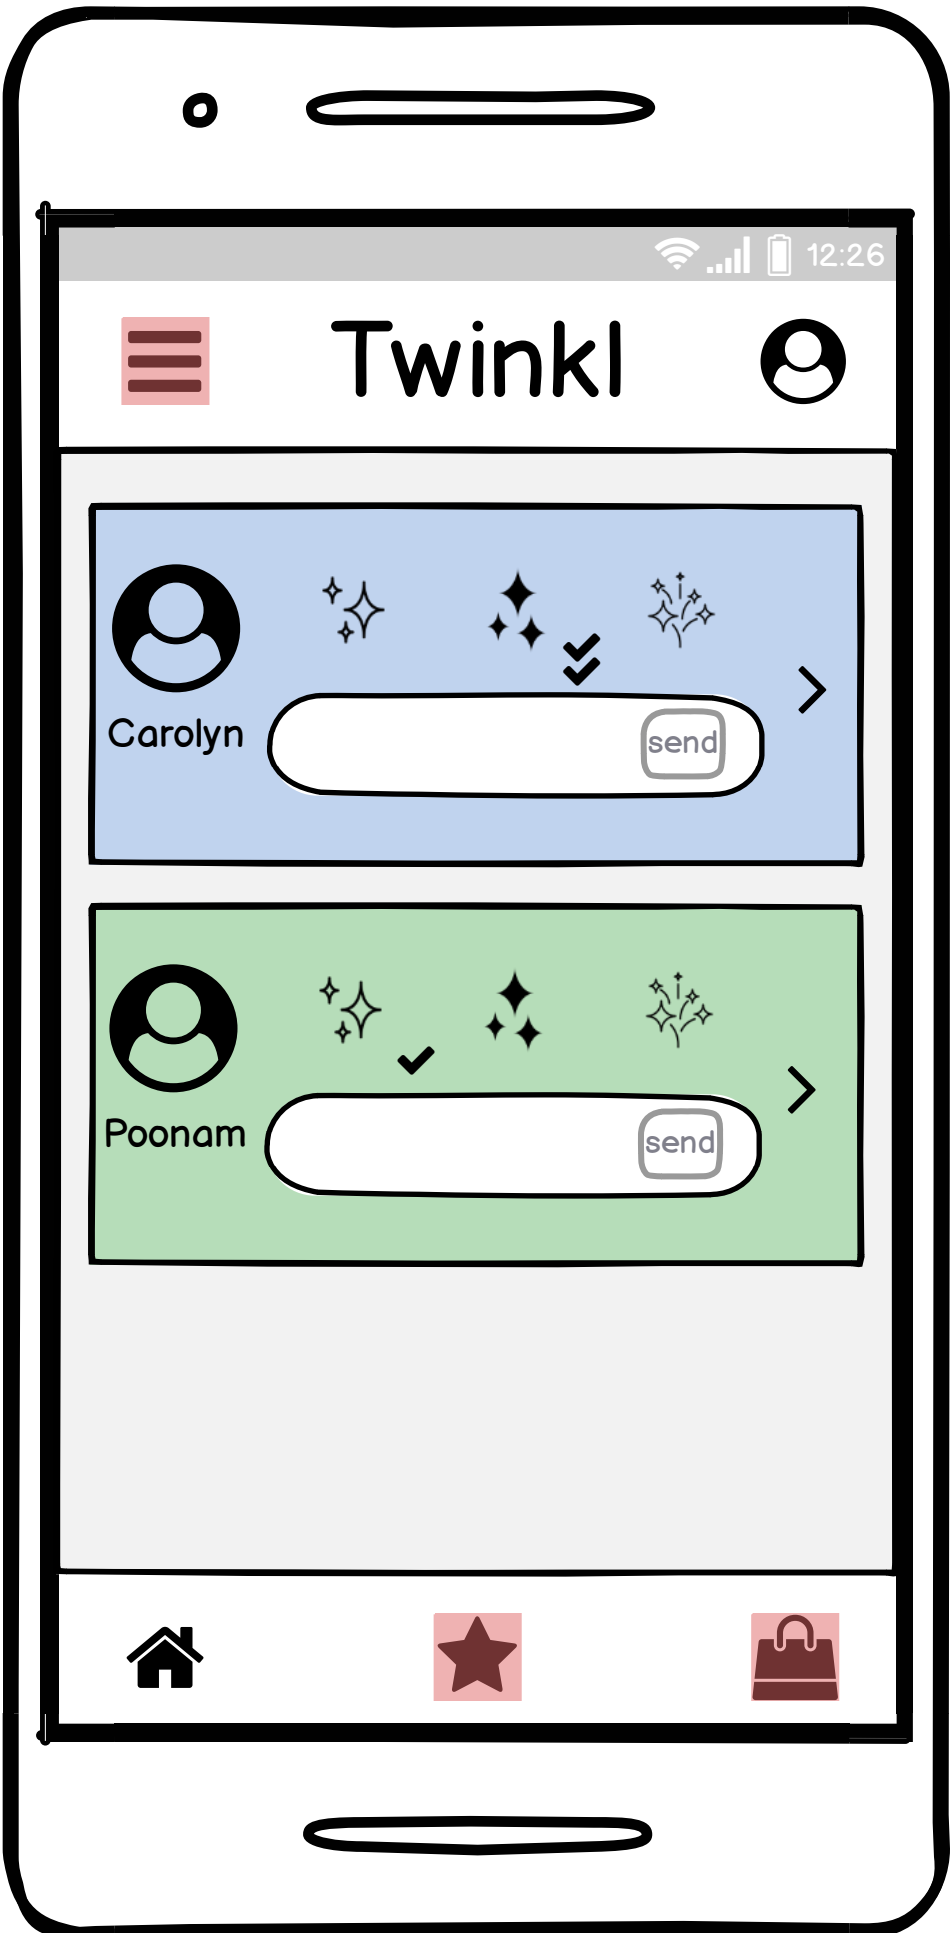

- Now carolyn's card shows blue instead of red to confirm that the LED will light up blue when she twinks you.
